

## Poster Presentations

- [1]\* **Non-invasive genetic monitoring as a tool to estimate abundance and group composition of wild central chimpanzees**  
*Arandjelovic, M., Head, J., Rabanal, L., Boesch, C., Robbins, M.M. & Vigilant L.*
- [2] **Chemical immobilization of free ranging Olive baboon (*Papio h. anubis*) at Lake Manyara National Park, Tanzania**  
*Knauf, S., Batamuzi, E., Lendl, C., Tacke, S., Lawrenz, A., Mlengeya, T., Leendertz, F.H., Maetz-Rensing, K. & Wehrend, A.*
- [3] **Saliva of *Theropithecus gelada* lacks tannin-binding proteins and reflects the specialization to graminivorous diet**  
*Mau, M., Südekum, K.-H., Johann, A., Sliwa, A. & Kaiser, T.M.*
- [4] **Hypervitaminosis D in common marmosets (*Callithrix jacchus*)**  
*Kaspereit, J., Zöller, M., Friderichs-Gromoll, S., Habermann, G. & Buse, E.*
- [5]\* **Stress research in three great ape species (*Gorilla gorilla*, *Pan paniscus* and Sumatran Orangutan)**  
*Behringer, V., Clauss, W., Hachenburger, K., Knott, C., Kuchar, A., Möstl, E. & Selzer, D.*
- [6]\* **Female transfer in bonobos: Stress and coping strategies of immigrants and residents**  
*Deimel, C., Deschner, T. & Hohmann, G.*
- [7]\* **Comparative structural analysis of faeces from *Pan paniscus* and *Pan troglodytes***  
*Bauer, J., Ortman, S., Barleben, H., Hohmann, G., Sommer, V., Fowler, A., Hofer, H. & Elephandt, A.*

- [8]\* **Patterns of food intake in captive Lowland gorillas (*Gorilla gorilla gorilla*)**  
*Schikore, A.R.C. & Kaumanns, W.*
- [9] **Monogamy rules in Lariang tarsiers. Or not?**  
*Driller, C., Perwitasari-Farajallah, D., Zischler, H. & Merker, S.*
- [10]\* **O, brother where art thou? - Sex-biased dispersal in gray mouse lemurs (*Microcebus murinus*)**  
*Schliehe-Diecks, S., Eberle, M. & Kappeler, P.M.*
- [11]\* **Sex-biased dispersal in Bornean orangutans (*Pongo pygmaeus wurmbii*) from Sabangau**  
*Morf, N., Morrogh-Bernard, H., Arora, N., Nater, A., van Noordwijk, M. & Krützen, M.*
- [12]\* **Sex-differences in social behavior of spider monkeys (*Ateles belzebuth belzebuth*) in Yasuní National Park, Ecuador**  
*Rimbach, R., Di Fiore, A., Link, A. & Heymann, E.*
- [13] **An expert on spiny matters - adaptations of the Reddish-grey mouse lemur (*Microcebus griseorufus*) to the Malagasy spiny forest**  
*Bohr, Y.*
- [14]\* **Variations in the vertical forest structure among different mouse lemur habitats in northwestern Madagascar**  
*Sehen, L., Rajeriarison, C., Roger, E. & Radespiel, U.*
- [15]\* **Habitat usage and feeding ecology of Guinea baboons in Senegal**  
*Stueckle, S., Zinner, D. & Fischer, J.*
- [16] **Female leadership and priority over food resources in wild white-handed gibbons (*Hylobates lar*)**  
*Barelli, C., Heistermann, M. & Reichard, U.H.*

- [17]\* **Perfect timing: timing of reproductive events in wild Assamese macaques**  
*Rogahn, S., Ostner, J. & Schülke, O.*
- [18]\* **Nest-tree selection and nesting behaviour in wild Bornean orang-utans (*Pongo pygmaeus wurmbii*)**  
*Florez, J.D., Largo, C.J. & van Schaik, C.P.*
- [19] **Ten years of forest dynamics: Affecting owl monkey food resource availability?**  
*van der Heide, G.W., Fernandez-Duque, E., Rotundo, M.A. & Davalos, V.*
- [20] **Conservation of the endangered lion-tailed macaque (*Macaca silenus*) in the western ghats, India**  
*Singh, M. & Kaumanns, W.*
- [21] **Inter-population variability in usage and structure of grunts in Olive baboons (*Papio hamadryas anubis*)**  
*Ey, E., Rahn, C., Hammerschmidt, K., Zinner, D. & Fischer, J.*
- [22] **The influence of the sexual hormones oestrogen and progesterone on the acoustic structure of female Barbary macaque (*Macaca sylvanus*) copulation calls**  
*Pfefferle, D., Heistermann, M., Hodges, K. & Fischer, J.*
- [23] **The ontogeny of gestural communication in nonhuman great apes**  
*Schneider, C.*
- [24]\* **More to see, more to know. High social tolerance provides Suaq orangutans with more learning opportunities**  
*Forss, S.I.F., van Noordwijk, M.A., Meulman, E.M. & van Schaik C.P.*
- [25] **Do common marmosets understand the behavior of conspecifics presented in video clips?**  
*Kupferberg, A. & Burkart, J.M.*

- [26]\* **Does experience with tools lead to a different treatment of new objects in gorillas?**  
*Laskowski, K., Reiss, J. & Weiche, I.*
- [27]\* **Innovations in captivity: Evaluating the geographic method for recognizing innovations**  
*Lehner, S., Burkart, J. & van Schaik, C.P.*
- [28] **Life history and positional behavior: The evolutionary implications of body size in hylobatids and pongids**  
*Reichard, U.H. & Nowak, M.G.*
- [29]\* **Population history and evolution of brain size genes of orang-utans (Genus: *Pongo*)**  
*Greminger, M., Marques, D. & Krützen, M.*
- [30] **Influence of social organization on sexual size dimorphism in the Colobinae**  
*Grueter, C.C. & Van Schaik, C.P.*
- [31]\* **About being nice: A tool for comparing prosociality across different species**  
*Huber, J. & Burkart, J.M.*
- [32]\* **The evolution of voluntary food sharing among primates**  
*Jaeggi, A.V., van Noordwijk, M.A., Burkart, J.M. & van Schaik, C.P.*
- [33]\* **Does rainfall seasonality equal perceived seasonality?**  
*van Woerden, J.T., Isler, K. & van Schaik, C.P.*
